OUR ECO-FRIENDLY SOLUTIONS

Building eco-responsible solutions for our products lines, packagings, or raw materials, and bringing innovation and technology together for a long-term sustainability of our brand.

FSC certification is available for our products packagings, a worldwide label certifying that paper and cardboard comes from responsibly managed forests.

Partners selection brings eco-friendly materials, including recycled plastic and vegetal inks, to our product lines and packagings.

OUR STORY

EMTEC is present on all continents through its own sales team and through a strong network of key distribution partners. With over 85 years of history, EMTEC is recognized as a reliable and innovative brand, providing neatly designed, user friendly and affordable products to end consumers.

1934 - Creation of the first magnetic tape for audio recordings by BASF - **1936** - First ever recording of a concert on a BASF audio tape: Sir Thomas Beecham and the London Symphony Orchestra - **1953** - Launch of consumer BASF tape products for audio recordings - **1966** - Start of BASF Audio-Cassettes production - **1973** - Start of BASF Floppy Disks production - **1977** - Start of BASF Video-Cassettes production - **1996** - Launch of the BASF CD-Recordable range - **1997** - New company name (Spin-Off of BASF) EMTEC Magnetics - **1999** - Launch of the BASF DVD-Recordable range - **2000** - Worldwide introduction of the EMTEC brand, replacing BASF for Consumer Product - **2006** - Acquisition of EMTEC Magnetics by Dexxon Group - **2006** - Extension of the EMTEC Product portfolio to Flash Drives - **2006** - Introduction of EMTEC in Brazil - **2007** - Launch of the EMTEC Movie Cube® Range in Europe - **2008** - Introduction of EMTEC in the United States - **2010** - Creation of EMTEC Middle East in Dubai, to extend introduction in the Middle-East, Asia, the Pacific and Africa - **2010** - Launch of the EMTEC "Animals" Flash Drives range - **2011** - Launch of the EMTEC Flash Drives Novelties range (Looney Tunes, Angry Birds) - **2012** - Introduction of EMTEC in Latin America (Peru, Chile, Colombia) - **2013** - Introduction of the Dual OTG range of products - **2014** - Introduction of a complete new USB Drives line-up designed by Cédric Ragot - **2015** - Launch of the EMTEC Dual Lightning iCobra & Emtec Connect app - **2017** - EMTEC extends its range with Type-C products - **2018** - Launch of the innovative Dual T750 - **2019** - Harry Potter Licensed range of products - Launch of the SSD Power Plus - **2020** - DC COMICS Licensed range of products - Launch of the USB 3.2 Click Easy and Click Secure - **2021** - Launch of the portable SSD X210 - Gaming memory cards - M.2 PCIe 4.0 internal SSD range - **2022** - Launch of the gaming portable SSD X210G - UHS-II V60 and V90 SD cards
