**GEMMOTION™**www.emtec-gembox.com

Surf your favorite websites with the unique GEM Motion remote control!

A Bluetooth remote control

- The GEM Motion is a unique 8-axis remote control with gyro sensor mouse to easily surf your favorite websites, manage your Apps and start games which are not gamepad compatible.
- The GEM Motion is convenient and easy to use. Guide the pointer of the remote control by moving it.

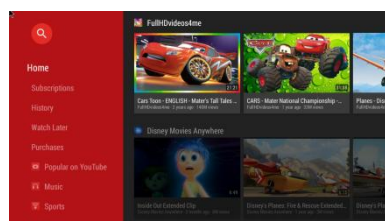

A mini QWERTY keyboard

- With the mini QWERTY keyboard at the back of the GEM Motion, it has never been so easy to surf the web on your TV!

- Type your passwords or web research directly on the keyboard. Get quick access to your favorite websites.

Optimized mapping for YouTube

The GEM Motion is optimized to fully enjoy YouTube on your TV.

Start your games immediately!

- With direct launcher button to GameFly Streaming, start playing immediately your console-quality games!
- Wirelessly mirror all of your multimedia content from your Android smartphone or tablet to your TV screen thanks to the direct access button to Miracast function.

Easily recharge the GEM Motion

To recharge the internal remote control battery, simply connect the GEM Motion to the GEM Box using the micro USB cable provided.

Fully compatible with the GEM Box
