GameFly Streaming

A true game console!

Enjoy console quality games thanks to GEM Box partnership with GameFly, subscription based partnership.

- No new expensive hardware
- Easy to setup
- A new way to play videogames: stream games directly from Nvidia GRID servers in Full HD format.
- Game titles for the whole family: Tomb Raider GOTY 2013, Kung Fu Panda: Showdown of Legendary Legends, GRID 2 or WRC 4!

1 month free access to GameFly Streaming without any subscription!

GEM Stream

Bring your collection of PC game to the TV!

Stream your existing collection of PC games from your PC to the TV in your living room thanks to the included GEM Stream App.

Retro Gaming

Revisit retro games on the GEM Box!

- Play all your favourite old games on the GEM Box with a selection of emulators.
- Relive the glory days of classic gaming consoles.
- Dedicated Apps are directly proposed to emulate various consoles from the past. You will travel back in time and experience some of gaming's greatest hits.

Multimedia centre

Welcome to the wonderful world of Android! Google certified

- The GEM Box allows you to download all your favourite applications from the Google Play Store or your preferred app store
- You can enjoy directly on your TV your Android apps: audio/video content from YouTube and other streaming entertainment services, as well as social media and web connectivity.

Enjoy all your multimedia files directly on your TV

- Music, Movies, Photos? You can play all your content.
- Just plug your microSD card or USB flash drive in to your box to enjoy your files on your TV.

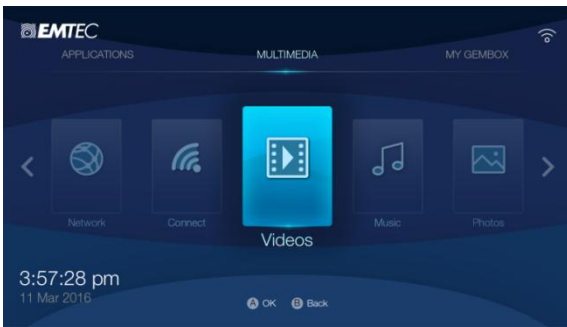

Miracast function

Wirelessly mirror all of your multimedia content from your Android smartphone or tablet to your TV screen and enjoy your videos, photos, games and music.

For your Apple devices, it is also possible to download the "AirPlay/DLNA receiver (Pro)" App from Google Play on your GEM Box

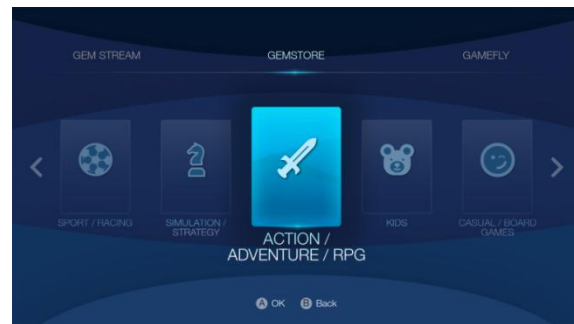

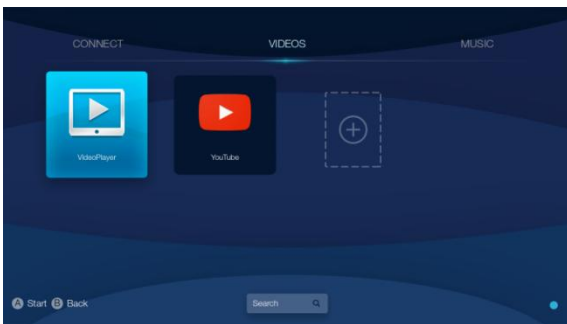

And much more!

User friendly interface

- **Easy-to-use, simple and intuitive** interface to browse menus and allow easy access all the functions and contents of the box.

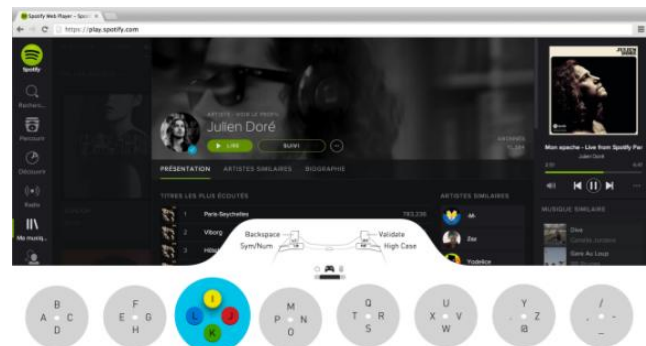

- **Customizable:** Personalise your menu and add your own shortcuts for faster access.

Exclusive Android virtual keyboard

Easily type your password or web search thanks to the exclusive and convenient virtual keyboard!

A mini QWERTY keyboard is also provided with the Bluetooth remote control to ease navigation on the web.

GEM Pad: Wireless gamepad included

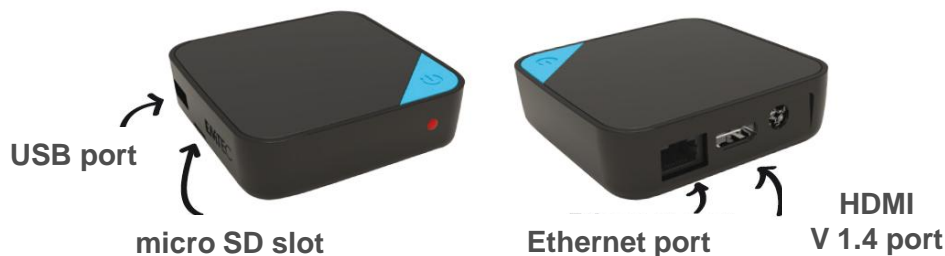

Wireless controller with mouse mode to enjoy all the features of the GEM Box.

Easily browse on webpages and manage applications that are not gamepad compatible.

Accessories

Do you want to play a multi-player game? Or do you want to enjoy the gyro remote? The gamepad and the remote are available as optional accessories.

Powered by GIGABYTE
