

USE PROJECT is the perfect illustration of EMTEC's vow to innovate by rethinking the usage of common technology products.

For this first edition, Cedric Ragot delivers his vision of mobile accessories.

USEproject

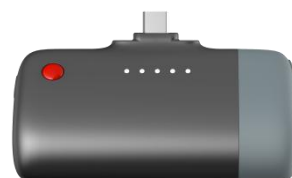

Extra juice right when you need it!

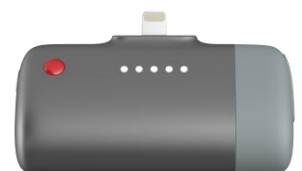

The Power Clip acts as a back-up battery for your smartphone when it runs out of power.

- The ideal solution for emergency situations offering 1 complete smartphone charge, so it never goes to zero!
- Comes with an integrated lightning (Apple certified) or micro-USB connector (Windows/Android) so you don't need to worry about dealing with cables
- Ingenious clip system allows for comfortable usage while the smartphone charges: just clip the Power Clip on whenever you need and continue to use it as you normally would
- 2600 mAh charging capacity: one complete charge for most smartphones
- Battery level of charge indicator

Tip: Don't be afraid to leave your smartphone connected to the Power Clip overnight! Once it's fully juiced up, the Power Clip will charge its own battery.
